If you are interested in learning more about the responsibilities of each of the positions on PULS, please see the PULS website (puls.sus.mcgill.ca) or speak to a current PULS Council Member during our office hours (M-F 11:30AM-3:30PM; McMed 1017).

The Physiology Undergraduate League of Students (PULS) is dedicated to providing student with all the resources and tools necessary to make the most of your undergraduate experience and achieve your future goals. In order to do that, PULS has its hand in philanthropy, social events, athletics, academics and serves as an important line of communication between the student body and the Department of Physiology. With that in mind, I am very confident that PULS 2020-2021 will hold these commitments to heart for the benefit of our students.
